### 3. Qualified Opinion

The trade receivables of ₹ 111.62 Lakh pertaining to trading division has remained overdue for extended period of time. In our opinion, the Company should make a full provision as these are unrealised and unconfirmed by the parties. Had the provision been provided for the aforesaid receivables, profit before tax for the year and net assets at 31<sup>st</sup> March, 2019 would have been lower by ₹ 111.62 Lakh.

- 4. In our opinion and to the best of our information and according to the explanations given to us, these quarterly financial results as well as the year to date results, except for possible effects of the matters stated in basis for qualified opinion paragraph :
  - are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016 ; and
  - (ii) give a true and fair view in conformity with the aforesaid Indian Accounting Standards and other accounting principles generally accepted in India of the profit including other comprehensive income and other financial information of the Company for the quarter and year ended March 31, 2019.

#### 5. Material Uncertainty related to Going Concern

As referred in note 3 of the statement, the Company has accumulated losses and its net worth has been fully eroded, the Company has incurred a net loss of ₹ 51.77 Lakh during the year ended  $31^{st}$ March, 2019 and as at that date, its current liabilities exceed its current assets by ₹ 577.16 Lakh. The above factors indicate a material uncertainty, which may cast significant doubt about the Company's ability to continue as a going concern. However, the financial statements of the Company have been prepared on a going concern basis for the reasons stated in the said note.

Our opinion is not modified in respect of same.
